SKIN STORIES :: CHARTING AND MAPPING THE SKIN
RESEARCH USING ANALOGIES OF HUMAN SKIN TISSUE IN RELATION TO MY TEXTILE PRACTICE

Ph.D. PROJECT COLLABORATORS AND SUPPORTERS

SUPERVISORY TEAM

Director of the Studies ::
Dr. Frances Geesin, London College of Fashion

Second Supervisors ::
Prof. Norma Starszakowna, Director of Research Development, The London Institute
Kay Politowicz MA (RCA) Course Leader, Textile Design, Chelsea College of Art and Design

External Advisors ::
Prof. Dr. Klaus Hausmann, Institute for Biology and Zoology, Freie Universität Berlin, Germany
Colin Dawson, material scientist

SUPPORTERS

London College of Fashion, UK
The University of the Arts London, UK
ORS – The Overseas Research Students Award, UK
The Textile Institute, UK
University of the Arts Berlin, Institute for Experimental Fashion and Textile Design, Germany

COLLABORATIONS WITH SCIENTIFIC INSTITUTIONS AND INDUSTRY INCLUDE

Acheson, UK
Bekintex, Bekaert Fibre Technologies, Belgium
Bramberger Kaliko GmbH, Germany
Cell International, Switzerland
Cherry Electronic Products LTD, UK
CHT Beitlich GmbH, Germany
Colbond, Netherlands
Cornelius Chemical Co. LTD, UK
CPL Aromas, UK
DuPont U.K. LTD
Freie Universität Berlin, Department for Biology and Zoology, Germany
Fraunhofer Institute, Division for Synthesis Technology and Polymer Engineering, Germany
Hallcrest Ltd, UK
Hänsel Verbundtechnik, Germany
Institute for Textile Technology and Process Engineering Denkendorf, Germany
Mercia International Fragrances LTD, UK
Outlast Technologies, USA
Procedes, Germany
Rotta GmbH, Germany

VERY SPECIAL THANKS

Steve Baker, Colbond
Astrida Berzina, my mother
Prof. Barbara Ehring, University of the Arts Berlin
Joachim Endreks, CHT Beitlich GmbH
Dr. Tamburic Danka, Beauty Science, LCF
Dr. Michael Doser and Hans-Paul Schmid, Institute of Textile Technology and Process Engineering Denkendorf
Philip Knowles, Cornelius Chemical
Monte C. Magill, Outlast
Carl Murphy, Foster & Partners
Michael Norman, Hallcrest Limited
Erich Polzer, DuPont
Katja Pötter, Hänsel Verbundtechnik
Dr. Gerald Rafler, Dr. Rudolf Nastke and Michael Doss, Fraunhofer Institute for Applied Polymer Research
Peter Schepperle, Cell International
